DAILY EXECUTIVE REPORT – RESERVATIONS

March 26th 2026
Alan Arceo Mejia

PLANNED OBJECTIVES FOR THE DAY
Continue analysis of US home calendar and competitor set for LLE, AP, and FFE – *Could not follow up on this. Instead worked on instant booking and John email sequence.* *Follow up on pending customer communications as needed* Maintain coordination with teams on outstanding items Monitor Airbnb Luxe opportunity for further details – *did not get further email yet*

ACTIVITIES OF THE DAY
9:00 am - 12:30 pm: Worked on the corrected email strategy from John and determined the implementation approach within Nutshell. **12:30 pm - 1:00 pm:** Read and answered customer emails and team texts. **1:00 pm - 3:00 pm:** Went out to secure an internet provider for the new home to avoid any hurdles when moving. Visited three locations to find the provider that services the zone. Signal quality is not optimal but will suffice in the interim. **3:00 pm - 4:00 pm:** Returned and answered additional customer emails and team messages. **4:00 pm - 5:00 pm:** Completed Nutshell follow-up calls. **5:00 pm - 6:30 pm:** Answered remaining customer emails. Responded to Scott's email regarding instant booking strategy. Sent a quote to Bella. Messaged the villa team regarding pending packages for an incoming tenant.

OBJECTIVES FOR TOMORROW
Continue monitoring Nutshell implementation of email strategy Follow up on any pending customer communications Follow up on pending projects

RISKS & ESCALATIONS
No Risks or escalations detected.

EXECUTIVE SUMMARY
Today was focused on strategy implementation, customer communication, and personal logistics. The morning was dedicated to implementing John's corrected email strategy within Nutshell. Afternoon hours included securing an internet provider for my new home in hopes of avoiding hurdles in my work schedule as I move, requiring visits to three locations to find service in the zone. Customer emails, team communications, and Nutshell follow-up calls were completed throughout the day. The day concluded with a response to Scott on instant booking strategy, sending a quote to Bella, and coordinating with the villa team on pending packages for an incoming tenant. All priorities were addressed with no escalations to report.

PRIVATE PARADISE

Project	Starting Date	Estimated Deliv	Last Modified	Observations and blockers	Status	Percentage
AI templates to send selected audiences for US homes	January 2026	3/30/26	3/19/26	I'm working on a template that can be sent to previous customers and another to be sent to people who inquired but never booked. **Sent to Scott and Kellie on March 19 for review**	In process	50%
Change PP "after booking" email structure to explain every step of the process/experience	March 2026	~~3/25/26~~ delayed to 4/15/26			Not started	0%
Clean the email list to include all reliable emails BUT EXCLUDE upcoming booking emails - high priority	March 2026	3/31/26		Will need to wait for emails to be ready so we don't miss the latest emails in the desired category - dependent on item below	Not started	0%
6 emails from John into Nutshell - high priority	3/19/26	4/4/26	3/26/26	An email has been sent to John to initiate the process of changing the emails, to later have them re-done by Nova. **Waiting for authorization on new templates to send Nova**	In process	40%
4 star reviews - anwers OR push for deal	3/19/26	4/11/26	3/21/26	Create a summary of all low rate reviews (lower than 5 stars) to bounce with Kellie on either pushing a deal with them or posting a reply Have created a summary for Scott & Kellie and requested a meeting with Kellie to go over each review Will have a meeting with kellie tomorrow - Could not meet today either	In process	15%
Book now on all listings analysis - Pros vs Cons	3/19/26	3/28/26	3/26/26	Heard back from Owner Rez. We can list the necessary rules in each listing and try instant booking per property	In process	80%
Analysis of US home calendar "competitor set" to sense the area occupation temperature	January 2026	4/15/26	3/25/26	The HC took me around 2 days so its possible this task takes me a few days	In process	15%
